General information

Pacific Interior is a complete Interior sign system comprising wall signs (door signs, information boards, directional signs etc.), suspended signs, monoliths, table signs, table stands and projecting signs. The signs can also be mounted on floor supports. Permanent as well as Paperflex panels are available. It is possible to add a "free/occupied" function to the 157 mm sign.

Pacific Interior is characterized by a flat design and 3 mm distance between the panels, which give the signs a light and elegant design. The injection moulded plastic components and the extruded aluminium mounting rails offer a high degree of modularity with many combination possibilities.

Standard features and options

Typical use

- Overview signs
- Directory signs
- Directional signs
- Door / pictogram signs
- Desktop signs
- Identification signs

Installation methods

- Floor Support
- Monolith
- Wall mounted
- Suspended
- Projected
- Desk top

Material

Size specification

Throughout this document measurements will be given in both millimetres and inches.

The metric measurements are exact whereas the English standard is calculated and therefore shown in brackets: 25.4 [1.0]

How to order?

A standard assortment is created in Modulex Global SignFamily (GSF) and can be ordered in our online ordering system.

Sizes not included in Modulex GSF can be ordered as spareparts.

Principle drawings

The below table shows a few important dimensions:

B	D	R
Panel width	Panel depth	Radius
157 mm [6.2]	21mm [0.8]	314 mm [12.4]
231 mm [9.1]	25 mm [0.9]	462 mm [18.2]
317 mm [12.5]	31 mm [1.2]	634 mm [25.0]
445 mm [17.5]	38 mm [1.5]	890 mm [35.0]
605 mm [23.8]	37 mm [1.5]	1815 mm [71.5]
861 mm [33.9]	48 mm [1.9]	2583 mm [101.7]

Distance from backside panel to wall 5 mm [0.2]

Warranty

- 2-year production warranty on all parts
- 10-year supplementation guarantee

The supplementation guarantee applies to all articles that are produced, marketed and delivered by Modulex. Within 10 years of delivery by Modulex of products for a main or first order, Modulex guarantees to be able to make supplementary deliveries of products with a similar functionality and design (shape, color, typography and graphics) as delivered under the main order, unless otherwise specifically stated in Modulex' offer or order confirmation.

Maintenance

- Use a soft cloth moistened with a mild window detergent for painted or printed surfaces
